

Masters Historical SubCommittee Report 2018

From: Jeff Davison jeff@shr1.org

Subject: (Masters USATF) Historical Archive Committee – 2018 Convention

Thank you for another track and field season of supporting the Masters Historical Archive Committee.

During 2019 the Committee and the website www.mastershistory.org is planning to continue providing significant improvements.

The committee also continues to make our services available to support the USATF website:

www.usatfmasters.org

2018 Expenses:

During January – October 2018 the committee continued maintaining the website.

During November – December 2018 the committee will be gathering additional material to scan (past Combined Events documents).

The expenses will include transporting the material, scanning and uploading the files (in searchable PDF form) to the website.

2019 Goals:

During 2019 we are planning to create a master website link list that include already scanned documents that include Masters American Records from the

past. The links will be to past documents such as National Masters News and other documents. The goal is to start creating a “Chronological” or “Progressive”

American Record List from the beginning of Masters to today. The steps in 2019 will only be the beginning steps (gathering the data).

This information will be placed at: <http://mastershistory.org/masters-meet-and-club-records/>

Requested 2019 Expenses:

For the 2019 track and field season: The committee is requesting the same available budget as was available during 2018.

We appreciate the support, and please feel free to contact us with any questions or suggestions.

Regards,

Jeff Davison

Chair – Masters Historical Archive Committee
