Lloyd opened the meeting at 10:33PST

LDR had 3 Objectives under his leadership and a good schedule of events post Covid. They have held Ambassador calls, which have been very effective and lead to improved communication. The better relationships with MTF have improved greatly. The MLDR and MTF committees spent an entire year working to build a stronger relationship which proved successful via increased participation in track events by LDR athletes.

Also: The masters athletes of the year will now, instead of alternating years, will recognize both an MTF and a MLDR athlete each year.

HTWO clarity re deal. Sales were deeply affected by Covid, so they've reorganized and will be relaunching w/ new distribution methods. They intend to come to races, provide banners, literature and possibly product. The money that MTF and MLDR receive is directly tied to sales, we get \$.05 per pouch sold. We really need to promote their product!

Perry Jenkins (will be taking over as MLDR Vice Chair) is on board with uniting the messages of MLDR and MTF and continuing to work together. He praised the work done this past year. His goal is to keep the groups together.

Mary Rosado told WMA-bound racers to let her know if they're there or if they need help at/before the meet. She provided some travel advice

Jerry explained the upcoming world uniform kit and that the WADA TUE can be found on the [USATFmasters.org](http://USATFmasters.org) website

Rachel Guest listed the MTF Award winners, including: David Pain 2020 – Mark Cleary 2021 – Jim Flanik and Len Krsak. Tom Bernhard listed MLDR Award winners and MLDR HoF winners.

Robert Thomas presented upcoming events and Paul Carlin presented MLDR upcoming events. John Seto listed the HoF MTF Awards and went over the new committee objectives and new criteria being used. Jerry announced that MTF adopted a resolution of appreciation for Lloyd Hansen
